Comment. For sketch of Inowroclaw airfield, see Annex. This report indicates that the field east of Inowroclaw is to be occupied by Tolish Air Force troops. No information is available on the type of the intended occupation. If the runway is actually only 1,500 meters long it is expected that a Polish pilot school will be stationed there. Another airfield is believed to be located north of Inowroclaw, east of Gnino (P 53/J 15), along the road from Etrezemkowo (F 53/J 15) to Inowroclaw via Gnino.

It is unknown whether this field will be used after completion of the airfield east of Inowroclaw.
